

This form will help you help your dealer insure NO MISTAKES on your 2020 Corvette C8 Order. AS of today's date 7/27/2019 the online configurator is NOT a good resource to insure a PERFECT build for you by your dealer.

All you have to do is print this off highlight your option code and send it to your dealer.

Just be careful, not all options are compatible. So work with your dealer to get the correct options you want.

All I ask for only one thing Subscribe to my youtube channel and give the videos a thumbs up

I hope you enjoy your new C8 Corvette
